**... your need – our know-how**

- In 2011 OCS and VECTO agreed to work in a strong partnership that covers almost all needs within internal transportation applications.
- OCS is a Swedish company with its head office in Borås, Sweden.
- VECTO with its principal factory in Arkelstorp, Sweden is a well known manufacturer of special designed conveyors whereas OCS is specialised as a “turn key” provider of internal transportation systems.
- OCS-VECTO has its branch offices in Stockholm and Löhne, Germany covering Belgium, Netherlands and Switzerland as well.
- Overseas branch and engineering offices are also established in Tokyo, Cincinnati, Kansas City, León-Mexico and Shanghai.
- OCS-VECTO has over 400 Installations worldwide. Our systems runs in more than 35 countries and 5 continents.
